

PREFERRED 2025 PNW Rally Service Providers & Vendors

Below is the **PREFERRED** list of the fee-for-services providers joining the 2025 Alliance PacNW Regional Ally Rally. **We highly recommend reaching out to the individual service providers before the rally** to discuss and scheduled your services. Past years, all services remained fully booked throughout the rally, making it difficult to take unscheduled jobs. Pre-scheduling your services also ensures parts and materials are pre-ordered and available for your specific service.

*What is a **Preferred** Vendor? Preferred vendors have been vetted and carefully selected by our Vendor Director. Each provider listed has committing resources to travel and participate in the PacNW Rally, provide owner empowerment seminars, and bringing their expertise to FamAlly. Schedule your services with confidence.*

Rally Services:

- Truck & trailer tire replacement
- Wheel installation
- Owner empowerment
